

September 15, 2017

Dear Friends,

Sisters Supporting Sisters-Baton Rouge (SSS-BTR) a (501(c)(3) organization) is a breast cancer survivorship organization of African American women that was founded in 1996 by 10 breast cancer survivors. Our mission is to provide a safe haven not only for African American but all breast cancer survivors and to educate women about good breast health in East Baton Rouge and surrounding parishes.

To fulfill our mission to provide many services to the community regarding breast health, we are sponsoring our **"JAZZY IN PINK"** on Sunday, October 15, 2017 at Hemingbough, 10101 Highway 965 W, St. Francisville, Louisiana from 4:00 p.m. to 7:00 p.m. Tickets are \$50.00 each. This will be an afternoon of Jazz, Silent Auction, Gourmet Food, and a Good Time for All. Of course, Survivors will be there in abundance wearing **PINK!**

As a survivorship organization, we are seeking your support. Please help us help others. For more information please call 225-921-9072.

Your participation will help survivors impacted by breast cancer enjoy a better quality of life and let them know that you care enough to walk with them on their cancer journey. Helping others is truly an admirable quality that says the giver cares about others and the recipient receives the gift with a grateful heart.

Thank you for considering the above request from all persons in need of your gift.

Respectfully,

Linda Daniel, President
Sisters Supporting Sisters-BTR

Gwendolyn D. Brooks, President
Board of Directors/**Sisters Supporting Sisters-BTR**
